Mission Statement

East Linn Christian Academy is committed to serving parents by educating their children in a God-centered, scripture-based, educational environment in order to equip students academically, emotionally, physically, and spiritually for service to our Lord Jesus Christ.

School Description

East Linn Christian Academy has been impacting the lives of students in the Mid-Willamette Valley for twenty years. For the 2015-16 school year, they have 137 students in grades 9-12.

East Linn Christian Academy was created to be an alternative educational choice for families who wanted to focus on excellent academics with integrated scriptural truths.

The young people that move through our program are growing intellectually while they develop spiritually. Caring faculty and staff unselfishly pour themselves into the lives of the students making absolutely sure that there is something very unique about an East Linn Christian education. This approach to education becomes evident as you see our students develop a Christian world-view and personalizing their faith, enabling them to become valued workers in the community, in their churches, and on the mission field.

What continues to happen today at East Linn Christian Academy happens because of the faithfulness of our supporters who uphold us in prayer and give of their time, talents, and money.
